

# Clip-on Microscopes

For Inquiry Based Learning

# Kids Love Learning with Go Micros

*It puts them in charge of  
their learning*

# What Educators have to say about GoMicro

***"Every teacher should have a GoMicro"***

Susan Hyde : Past Principal Australian Science and Mathematics School SA

***"Go Micro microscopes empower a whole class of students to immerse themselves in a scientific discovery inside or outside of the classroom. "***

Jez Graetz - IT Educator, Bethany Christian School SA

***"The learning that took place was truly remarkable. "***

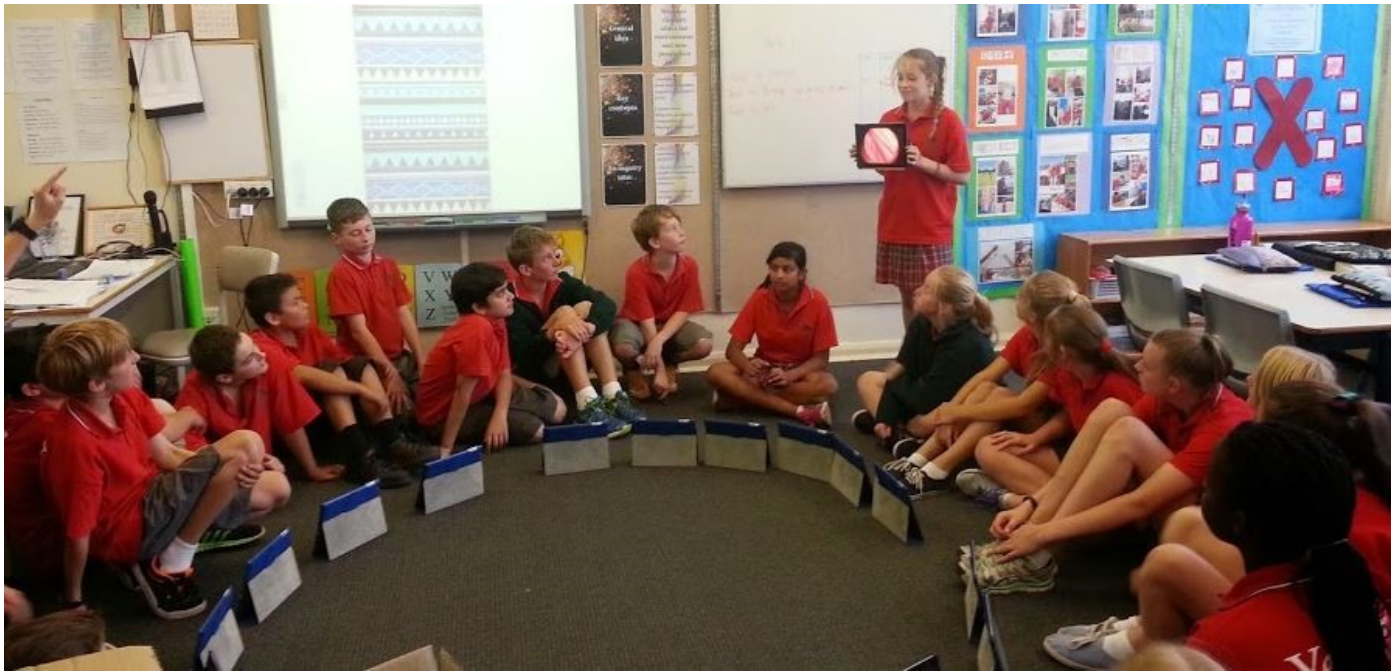

Frank Ali, Head of Primary  
Blackfriars Priory School

***" Students are disappointed when the session concludes because they are having so much fun! "***

Brian Haddy, Managing Director - SciWorld

# More than 10% of schools in South Australia are now using GoMicros in class

## Teachers Love GoMicro

## Outdoor Session

## Indoor Session
